- All fees are to be paid in full on the day of the appointments, unless prior arrangements are made.
- No Card surcharges apply for payments made on or before the day of your consultation.
- Standard Card Surcharges apply for accounts and online payments made after the consultation date.
- Fail to attend Fee of \$75 applies if an appointment is confirmed and then missed without notice.
- Concession discounts **do not** apply to Diabetes Educator Consultations.

Diabetes Educator - Phone Support Packages

- ** Up to 5 CDE support calls can be Bulk Billed if your GP has given you a GP Management Plan.
- ** Some Private Health Funds may help cover the costs for CDE assistance during pregnancy – check with your fund
- ** For patients that are not covered by a GP management plan or have used all of their entitled visits, a number of options exist to get additional support by phone.

- CDE Phone Support – Individual Calls - \$61.80 (Standard MBS Fee)
- CDE Phone Support Package A – 5 CDE Phone Consults - \$280 (10% Discount)
- CDE Phone Support Package B – 10 CDE Phone Consults - \$495 (20% Discount)

- **Medicare Rebates:** Patients with a pre-existing chronic condition that complicates their pregnancy, like T1DM or T2DM may be able to have their GP create a Chronic Disease Management Plan (and Team Care Arrangements) to coordinate the care needed from a multidisciplinary team, including your Diabetes Educator.
- Available Medicare Funded Phone Calls (Bulk Billed) would be used before purchased additional calls are utilized.
- **NDSS Registration:** If you are diagnosed with GDM, you can register with the National Diabetes Services Scheme (NDSS) for access to subsidised products like blood glucose monitoring strips and needles.
